E-CIGARETTES: SAFER THAN TOBACCO PRODUCTS OR NOT?

Date: Friday, December 5, 2014

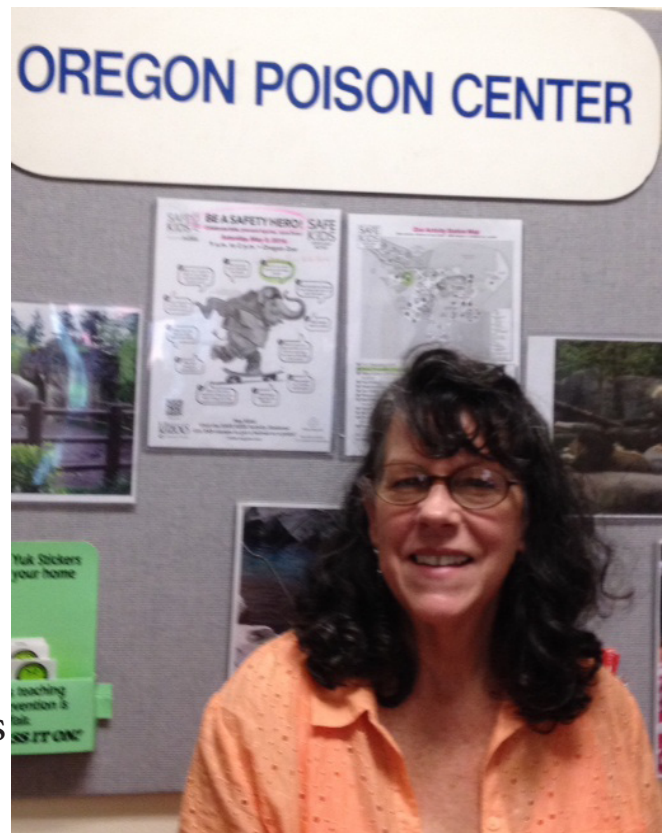

Time: 12:00 PM - 1:00 PM, Refreshments will be served at 11:30AM

Location: OHSU, Richard Jones Hall, Room 4320
3181 SW Sam Jackson Park Road, Portland

*Presented by: Lisbeth Ward-Fowler,
RN, CPSI, Health Educator*

Lisbeth has been a Poison Control Center nurse in Florida and Oregon for over 25 years, and a Health Educator for 12 years. She currently works as a Hotline nurse and Health Educator at the Oregon Poison Center, located at OHSU.

We will explore the relatively new world of 'vaping': the use of non-tobacco nicotine products. Is it safer to smoke an E-cigarette than a traditional cigarette? Can E-cigarettes help you quit tobacco products or is all the hype just blowing smoke? Join us for this discussion and bring your questions with you.
